Ohio House To Vote Today On SUB Fund

Emergency Release Sought by Bill To Aid Unemployed

COLUMBUS, Ohio (AP) — Release of back supplemental unemployment benefits (SUB) is provided in an emergency bill up for a vote in the Ohio House today as the Legislature starts its 17th week.

Sponsors said the measure would permit immediate payment to eligible workers from about 25 million dollars in backed up SUB funds before June 19. That is the effective date of a new law allowing jobless workers in the steel, rubber, automotive and some other major industries to draw SUB and state benefits at the same time.

Funds piled up because Ohio law banned simultaneous payment of SUB and state benefits. After the Ohio Supreme Court upheld that law, the Democrat-controlled Legislature changed it to fulfill a party platform pledge.

Senators, returning from week-end adjournment, vote on a proposal to extend the jurisdiction of Cleveland Municipal Court three miles into Lake Erie. Sponsors said the law would cover misdemeanors on boats that often escape prosecution under federal statute.

Representatives vote Tuesday on another administration-south tax bill. The measure would increase state revenue from a levy on parimutuel betting at horse races about six million dollars in two years.

Action is expected tonight by the House Elections-Federal Relations Committee on an administration supported proposal to change Ohio's utility rate-making formula.

Other House committees scheduled hearings on proposals to let counties adopt airport zoning ordinances, abolish the State Liquor Board, create metropolitan federations, establish an ethical practices code for labor unions and allow use of state retirement system funds to buy property for resale to the Highway Department for road construction.

Senate committees scheduled hearings on proposals to end a "blue law" ban on Sunday fishing, boost the state tax on gasoline and diesel fuel two cents a gallon, repeal the axle-mile tax on big trucks, add two cents a pack to the state cigarette tax, ban profanity and threats by telephone, do away with motor scooter licenses for 16 and 17-year-olds, double franchise fees, increase the tax on 3.2 beer and tax soft drinks.

Arson Hinted In Area Fire

The Pickaway County Sheriff's Department and the London Bureau of Criminal Investigation indicated signs of arson in a fire which struck the Washington Hunt and Fishing Club building near the Harrisburg-Darbyville Road at about 8 p. m. yesterday.

Deputy Charles Felkey said shingles and twigs were found underneath the building where the fire started. Damage to the floor of the structure was estimated at about \$75.

The two-story cottage type house is located about one mile south of Orient. The Harrisburg Fire Department was called to the scene.

Don Rolfe, Pickaway County Auxiliary Deputy, made the initial investigation. He notified the sheriff's department here which in turn called in the London BCI after investigation revealed signs of arson.

Satellite Believed Down in Africa

DURBAN, South Africa (AP) — A flaming object that may have been the American satellite Explorer II crashed to earth Saturday night near Richmond, 70 miles west of here.

The object plunged to earth with a roar that shook houses for miles around and lighted the skies with the brilliance of daylight.

Search parties organized by Richmond police failed to find any trace of the object. It was believed to have fallen about 15 miles from Richmond. Thick bush in that area makes a thorough search difficult, however.

The satellite was put in orbit around the earth on April 13. It was expected to plunge to earth Saturday night or Sunday morning.

Negro Kidnap Case Opens Hate Gates, Judge Claims

Panama Claims It Is Closing In On Rebel Forces

PANAMA, (AP) — Government forces today claimed they were closing in by land, sea and air on an armed invasion force of 80 revolutionaries moving along a desolate stretch of Panama's Caribbean coast.

Government Minister Jose D. Bazan said National Guard troops sent to meet the rebel force would demand immediate surrender or take "more aggressive measures."

Three members of the landing force were captured by the local guard after the landing Friday night at Playa Colorado (Red Beach), about 60 miles northeast of Panama City. They named Roberto Arias, husband of British ballerina Margot Fonteyn, as their chief.

Arias, ex-ambassador to Britain, escaped to the Brazilian Embassy Friday night after another landing on the Pacific coast and was given asylum.

The prisoners indicated the invasion went awry after their field commander and two others were drowned in the first landing attempt by small boat.

The government gave this account: An invasion force of 82 hired Cubans and four Panamanians, including a woman nurse, set out from the Cuban port of Batabano April 19. Early reports of the size of the invasion force ranged from 36 to 60.

They landed at Playa Colorado with the aim of launching a Castro-type guerrilla war in the mountains against President Ernesto de la Guardia.

The lone guard in the village of Corregidor, Cpl. Ariano Molinar, organized a posse of villagers and captured three of the invaders.

One of the captives later told newsmen in Panama City that Arias had given him four thousand dollars to take to Havana to help finance the expedition.

Two of those captured were Cubans. The third was Panamanian.

The field commander of the landing force was Enrique Morales Brio, son of Panama's Chief Justice Ricardo Morales. He was one of those drowned in the landing attempt.

People in the invasion area said the invaders told them they came from Cuba with Fidel Castro's blessing.

Castro, in Montreal, denied any knowledge of the invasion and said his revolutionary forces had strict orders against having anything to do with such adventures.

Liu Shao-chi, Communist party, moved today to the presidency of Red China. Peiping radio called him a "leader second only to Mao Tse-tung."

Chou En-Lai was re-named premier.

Mao relinquished the presidency to free himself for his more important duties as chairman of the Chinese Communist party. Choice of Liu, a 61-year-old Hunanese, strengthened his position as Mao's heir-apparent.

Peiping radio indicated, however, that Liu was not unopposed early this month when the party command chose him to be chairman—or president—of the government, which under Mao had been a largely ceremonial post. It said that he "had the support of a large segment of party members," suggesting the choice was not unanimous.

Mme. Sun Yat-sen, widow of the founder of republican China, and veteran revolutionary Tung Tsi-wu were named vice chairmen, succeeding Marshal Chu Teh who had held the job alone.

Chu, old crony of Mao and former warlord governor of Yunnan province, had been expected to succeed Mao in the presidency. Instead, the 72-year-old marshal got Liu's old job as chairman of the important Standing Committee of the National People's Congress.

Though Mao gave up the presidency, he remains Red China's undisputed boss as chairman of the Communist Central Committee. He undoubtedly personally chose Liu for the presidency in an apparent effort to groom him for the leadership of the party, where Liu already holds the No. 2 position.

The party leadership's choices were put before the People's Congress today. The nominations were unopposed, and the 1,157-member Congress went through the formality of voting.

Tibetan Refugees Stream into India

NEW DELHI (AP)—Prime Minister Nehru told Parliament today that thousands of Tibetan refugees have entered India since the Dalai Lama fled the Communist Chinese.

He said India has granted asylum to "some thousands" who entered the country near Tezpur and accepted a hundred who fled to the Indian protectorate state of Bhutan.

Jurist Feels Mississippi Sinned Against

Little Hope Is Held That Accused Rapist To Be Found Alive

POPLARVILLE, Miss. (AP) — A Circuit Court judge said today the kidnapping of a Negro prisoner charged with raping a pregnant white woman "has opened the flood gates of hate and hell" on the people of Mississippi.

Judge Sebe Dale was to have presided at today's scheduled trial of Mack Charles Parker, 23-year-old truck driver dragged from his jail cell at the Pearl River County Jail early Saturday.

Pros. Atty. William Stewart asked for a continuance of the trial because "we have no defendant."

Parker and his abductors were objects of a two-state search by special teams of FBI agents.

"A fair trial has been denied this man," Judge Dale said. "I believe he has been tried, the record would have brought a kinder feeling toward the people of Mississippi."

"I do not know now what to expect," Dale said, "that laws will be passed against us."

Mississippi had been sinned against, he said, by the action of the raiders in dragging Parker from his jail cell.

About 50 or 60 spectators were on hand when a Methodist minister intoned a prayer upon the Circuit Court's term.

Three Negroes huddled in the balcony and lawmen and reporters jammed the first floor.

Dale wore a blue suit with a red pocket handkerchief and a red tie, the trademarks of the late Theodore Bilbo, Mississippi's apostle of white supremacy. Bilbo called Poplarville home and lies buried just south of town.

The search for Parker and the kidnappers continued through southern Mississippi and eastern Louisiana.

A statement by the chief of the Mississippi Highway Patrol, William Hood of Jackson, showed hope had vanished of finding the accused Negro rapist alive.

"We are here until every lead is exhausted and every clue run down," Hood said. "We are making the search for the body as well as for the perpetrators of this crime."

Parker charged with raping a 24-year-old white mother last February, was to have gone on trial in Circuit Court today. The woman, who was three months pregnant, said her attacker forced her and her five-year-old daughter from their stalled auto and drove them into woods where the attack took place in the presence of her child.

After the abduction, Defense Attorney R. Jess Brown of Vicksburg suggested that Parker be tried in absentia but Dist. Atty. Vernon Broome rejected the idea.

"Nobody," Broome said, "can be tried in absentia for a capital offense in Mississippi."

The FBI, acting under the personal direction of Director J. Edgar Hoover, sent more than 50 agents into the area. Combining forces with sheriff's deputies and more than 60 highway patrolmen, they split into groups of two and three men to cover the area.

One group found John Rye, 63, who owns a 40-acre truck farm about four miles north of here. Rye said he was about 25 feet away when the raiders left the Pearl River County Courthouse, dumped Parker in a car and drove off in a westerly direction. Rye said two to five other cars left in different directions.

"Nobody didn't speak," Rye recalled. "Nobody said nothing to me."

"I saw all the men wore masks. I realized I was in the wrong place. I went on. I didn't look back."

Several items of stained clothing were discovered about 20 miles from here but there was no indication they were connected with Parker. The FBI took possession of them for chemical analysis.

Nationalities Mix

SAN FRANCISCO (AP)—Greek-born Mayor George Christopher read the proclamation, Chinese children applauded and Irish cops stood at attention Sunday as San Francisco opened its first Italian festival.

State Senator Seeks Probe Of Cruelty at Orient School

DAYTON, Ohio (AP)—A state senator today called for a probe of the Orient State School, charging that a six-year-old Dayton boy was beaten severely there last week. Officials denied it.

Sen. John C. Smith (D-Montgomery) also said the child was suffering from malnutrition when he was examined by a Dayton physician last night. And the child's parents, Mr. and Mrs. Robert L. Haines, complained that their son, Jerald, was ill in the

hospital at the institution for a week without their being notified. The Haines' further said that Jerald, who weighed 40 pounds when admitted to the institution March 10, was down to 25 pounds when they took him home Saturday.

Robert L. Frazier, superintendent of the state school, denied the school was at fault on any count. According to Frazier:

The lacerations over both eyes and bruises on the face of the boy that Sen. Smith attributed to beating were from falls out of bed.

The youngster was in hospital with flu but was "never considered critical so we didn't call the parents."

And Dr. R. C. Anderson, Ohio's acting commissioner of mental hygiene, said today: "The incident has been investigated fully. The child had been physically ill and as a result had additional nutritional difficulty. He had been properly treated and is all right. There is no evidence of his being mistreated."

Frazier added that the Haines boy, "is not the kind of child anybody would beat up. He's a real nice, appealing little fellow. But a child like this is very much a problem, vulnerable to illnesses and injuries. He had a tendency to fall out of bed."

Frazier said he had been away for three weeks, returning Saturday. When he found out about the Haines incident he "ran it down thoroughly" and is sure his statements are factual, he said.

In Columbus, Anderson said Frazier told him that after he (Frazier) explained the situation to Mr. and Mrs. Haines they left, seemingly reassured. But then they apparently went to the senator and complained.

Sheriff Checks Two Burglaries

Pickaway County Sheriff Charles H. Radcliff said today that his staff is investigating two house burglaries which were reported in this area during the weekend.

One of the burglaries was at the Clarence List residence on Route 56 west of here. Sheriff Radcliff said a television set, a shotgun, a rifle and a large amount of men's clothing were taken.

Deputies said entry was gained through an unlocked door. The other entry was at the Gilbert Shilts residence at Route 2, Circleville on the Darbyville Pike. The sheriff said a self-propelled yard mower was taken.

Deputies Dwight Radcliff and Charles Felkey said the mower was taken from the Shilts' garage.

Would-Be Suicide Hurts 4 in Plunge

CINCINNATI (AP)—A man who had just stabbed his estranged wife to death leaped out a window in her fourth floor apartment today and landed in a group of school children. A nun and three of the youngsters were hurt. The man was injured seriously.

Police identified him as Leroy Stidham, 28.

His wife, 25, was dead on arrival at General Hospital.

Injured in Stidham's plunge were Sister Rose Michael, 28; Willie Schaffran, 6; Albert Rieger, 9, and Ronnie Stercz, 6. They had just left a nearby Catholic church.

This Burglar Fishes for Mink

BEVERLY HILLS, Calif. (AP)—Sunday night, a burglar went to a Wilshire Boulevard fur shop armed with a toy pistol that shoots darts. He had fish hooks on the darts. He aimed through a package drop, fired a dart into a stole on a manikin, then used a line to pull out the garment.

How did police figure it out? One hook-equipped dart — apparently a near miss — was found hooked in the manikin's dress.

A Supply Ministry spokesman said the British aircraft carried "certain classified items" for the British rocket range in Australia.

HAPPY? YOU BET HE IS — David Murray is a gambler as Lloyd's of London found out when it issued him a \$1,000 policy against his wife's having a third set of twins. The premium cost Murray \$100. As this photo proves, he won. Mrs. Murray holds the third set, Evan and Chris, while David and Carl, 4½, and John and Peter, 3½, join the group. Murray is a high school teacher in Traverse City, Mich.

Lawmen Apprehend Two Men Accused of London Safe Job

Two men accused of pulling a safe job in London were apprehended near Atlanta at 3:30 a. m. Sunday through the joint efforts of Williamsport Marshall Ovid Clark and the local sheriff's department, according to Sheriff Charles H. Radcliff.

Sheriff Radcliff said Carl E. Humphreys, 40, Montebello, Calif., and Leroy E. Clarkson, 23, Route 3, Oak Hill, are arrested and released to lawmen in London. Clarkson is a nephew of Humphreys.

Marshall Clark spotted the men's car parked in front of a driveway on Route 277. Both men were asleep.

Clark notified the sheriff's department. Deputy Dwight Radcliff, aware of the safe job at a London car agency earlier in the evening, became suspicious when a bank book belonging to the auto firm was found in the men's auto.

RADCLIFF immediately questioned the two concerning the safe job. The deputy said the men admitted the London burglary. Hammers and punches were found in their car, he added.

According to Radcliff, each man was carrying about \$40. The deputy's investigation was completed at 7 a. m. Sunday.

Clarkson told Radcliff that he stayed in a London cafe while Humphreys pulled the job. His story did not hold up under a lie detector test at London today, indicating that both men were involved.

Sheriff Radcliff said Humphreys has served time in the Ohio State Penitentiary for burglary and auto title forgery.

Herter Welds Congress Link

WASHINGTON (AP)—Secretary of State Christian A. Herter is beginning to forge much closer working links with Democratic members of Congress than John Foster Dulles maintained.

Taking off today for a meeting with British, French and West German foreign ministers in Paris, Herter is leaving behind arrangements to keep key Democrats abreast of developments.

The personal liaison which Herter has established with Chairman J. William Fulbright (D-Ark) of the Senate Foreign Relations Committee will be handed over until his return to Assistant Secretary William B. Macomber.

In his final meeting with Fulbright, Herter agreed to report in person to the Senate committee as soon as he returns.

In the meantime, the understanding is that any significant developments at either the Paris meeting or the East-West foreign ministers' conference in Geneva May 11 will be relayed through Macomber to Fulbright.

As principal Democratic spokesman on foreign affairs, Fulbright has made it clear he looks forward to dealing with Herter on an intimate basis fostered by their friendship while they were members of the House together.

While Dulles made many trips to Congress to explain his policies as well as to keep the Democrats as well as the Republicans informed of what was going on, most of his contacts tended to be on the formal side.

Fulbright and other Senate Democrats think Herter may move more slowly and have Herter pegged as more conservative than his predecessor. In the Democrats' view, that is likely to prove an asset.

Behind Herter's customary gracious urbanity, some of the Democrats think they have found the "hint of steel. They don't believe he will be a soft touch in negotiations with the Soviets.

Communist Ministers Map Parley Strategy

WARSAW, Poland (AP) — Foreign ministers of the Communist Warsaw Pact nations today began secret discussions of the Red strategy for the parley in Geneva next month.

Attending the opening session were the foreign ministers of the Soviet Union, Poland, Czechoslovakia, East Germany, Romania, Bulgaria and Albania; and the deputy foreign minister of Hungary, and deputy minister of Red China. The latter attended as an observer.

Burglary Rash Strikes Homes In County

The Pickaway County Sheriff's Department, faced with an outbreak of burglaries in this area during the weekend, has launched a search for a ring which apparently is operating in Pickaway and Franklin Counties.

Sheriff Charles H. Radcliff today said the same gang is suspected of pulling at least three burglaries in Franklin County Friday night and three in Pickaway County Friday night.

Sheriff Radcliff said the gang involved might have been spotted by Auxiliary Deputy Don Rolfe Saturday night. Rolfe checked out a parked car on the Harrisburg Pike, but released the auto when he noticed nothing suspicious. Four persons were in the car according to the deputy.

Later it was learned that three burglaries had been committed in that area. The entries were at the Emil Baun residence, Harrisburg Pike, the Troy McPherson home, Circleville-London Road, and the Wendell Spradlin residence, Derby-Darbyville Road.

SHERIFF Radcliff said jewelry was taken at the McPherson and Spradlin residences. The intruders also ransacked closets and drawers, he added.

The sheriff said this same gang may be connected with at least two other burglaries in the northwest part of the county during the weekend.

Boat Is Found At Deercreek

Puget Sound Boating Mishap Leaves 7 Dead; 5 Are Saved

SEATTLE (AP) — "I prayed, oh, how I prayed," stammered Janet Wicks, 16, after her rescue Sunday from choppy Puget Sound. "I kept asking God: 'Please save me; help me; I don't want to die like this.'"

"How are the others," Janet asked as she lay shivering beneath a pile of blankets. Then her rescuers told her that seven of her boating companions died in the chilly waters when their pleasure cruiser capsized 1½ miles off Alki

Point. Four others were saved with Janet. All are from Tacoma. "I guess I was terribly lucky," Janet said.

The tragedy occurred shortly after the 12 persons, seven adults and five children, started on a 25 mile trip from Tacoma to Seattle. When the 43-foot Lois Ann approached the South Seattle shoreline, strong gusts pushed waves across her stern.

"The backside of the boat went over on its side," Janet recalled.

Seven of the occupants were thrown into the water. The other five were trapped below deck.

Several shoreline residents witnessed the mishap. The Coast Guard was notified. Several unidentified men rowed to the scene in dinghies, braving gusts of up to 30 knots.

A Marine helicopter from Seattle's Sandpoint Naval Air Station was the first to reach the sinking craft.

Lt. Col. J. E. Morrison, a Seattle reservist on weekend duty, spotted Walter A. Johnson, owner of the Lois Ann, clutching the boat's bow.

A hook with a rescue sling was lowered to Johnson but he was too numb to slip the sling over his shoulders. He grasped the hook long enough to be pulled into the helicopter.

The small boats and Coast Guard craft saved Johnson's wife, 48, their son, 15, Rodney Taylor, 2, and Janet.

The body of Fritz Tayet, 44, father of Rodney, was found floating near the scene.

Skindivers recovered the bodies of Tayet's wife, Gwen, about 44; her four-month-old daughter; Lois Ann Johnson, 13, Johnson's niece; Reuben Torgerson, 75, and his wife, Mabel, 65.

Still missing was the body of Martin Tayet, 82, father of Tayet and Mrs. Johnson.

Linda Tomlinson, 9, 372 Weldon Ave., was bitten by an insect on the left hand at 8:45 p. m. yesterday. She was treated at Berger Hospital and released.

Hypnosis Said Helpful In Weight-Loss Tests

NEW YORK (AP) — A doctor using hypnosis reports he helped 42 overweight women take off a half ton of fat.

Dr. Lawrence B. Winkelstein of Mount Vernon, N.Y., made the report in the May 1 issue of the New York State Journal of Medicine.

He said most of the women had had no success with other weight-control measures. At the end of the 14-week hypnosis period the women showed weight losses from 9½ to 58½ pounds, he said.

Tot Swept Over Niagara Falls

NIAGARA FALLS, N. Y. (AP)—Thomas Bradbury, 3½, died terday when he fell into the river and was swept over Niagara Falls. An 8-year-old playmate who couldn't swim plunged in the water in an attempt to save him. Police said the Bradbury boy

fell into the river about a mile above the American Falls. He had been playing on the rocks with his brother, Albert, 6, and Michael Fournier.

Michael said he tried to reach the boy but the current was too swift. The river flowed at 10 to 15 mph near the falls.

Mr. and Mrs. E. W. Freshour spent the weekend in Chicago, leaving by plane on Saturday and returning on Monday.

The occasion was the wedding of Mr. Freshour's niece, Miss Kathryn Ann Foster, daughter of Mr. and Mrs. Fred Foster of Toledo, and Mr. Edward Miller of Chicago.

Miss Foster, a graduate of Stephens College, has for several years been a buyer at Marshall Field in Chicago. Mr. Miller is a graduate of Chicago University and Harvard Business School.

The marriage ceremony was performed by Dr. Mann at the Ambassador West Hotel on Sunday at 3:30 p. m. The bride wore a beautiful white lace dress with a short train. She was attended by Mrs. Arthur Peters as matron of honor.

The decorations were unusual — of boxwood and camellias. One large boxwood tree was placed in front of a huge mirror and was decorated with camellias creating a beautiful effect. Many smaller boxwood trees, also decorated in the same way, were used on the tables.

The ceremony was witnessed by 50 guests. The bride's parents, Mr. and Mrs. Foster, who were former residents of Kingston, were among the number.

The new Mr. and Mrs. Miller will live in Chicago when they return from a short wedding trip.

MRS. GLENN Uhl of Dayton was calling on old friends here on Friday. Mr. Uhl was for several years supervisor of music in Kingston schools, and is now teaching in the new Miami Valley School.

Farm Bureau Study Group 4-A met at the home of Mr. and Mrs. E. W. Freshour, Wednesday evening with 16 members present. Mr. and Mrs. W. R. Sunderland, Kingston, were guests of the group.

Discussion centered around the subject of Highways with Donald Dodd, Chillicothe, as discussion leader.

Refreshments were served by the host and hostess.

The Seventh Grade Geography class of the Junior High School recently held a contest which required knowledge of the capitals of the countries of Europe and Asia. Most of the pupils in the class participated in a series of elimination games. First prizes were awarded to Jim DeLong and David Kelly, and second place prizes went to Brent Davis and Pat Kerns.

The High School Music department will have a Formal Spring Ball on April 25 from 9-12 p. m.

The Girls' Ensemble and a Saxophone Trio will provide music for the style show which the Home Ec Department will have on April 28. The class in Shop Work will have an exhibit of their work, and other departments have been asked to participate, also.

This will be in connection with the Parent-Teacher Organization which will hold a business meeting, preceding the Style Show. The Home Ec. department will be responsible for refreshments.

Mrs. Charles Search and Mrs. Kenneth Timmons took the Brownie Scouts on a picnic last Saturday afternoon. They went to the Borders' roadside park and although the weather did not cooperate, the girls all had a fine time.

George Borders visited last Sunday in Columbus with his son and wife, Mr. and Mrs. Lynn Borders and children, Linda and Richard.

Mr. and Mrs. Borders were spending this week on a company vacation at White Sulphur Springs, W. Va.

afternoon in Chillicothe Hospital, after an extended illness.

The Ne Plus Ultra meeting was held in the Methodist Parish Hall on Wednesday evening with the president, Mrs. Lawrence Betz in charge.

Several hymns were sung with Mrs. Evelyn Stephenson at the piano. Mrs. D. H. Dreisbach gave devotions basing her talk on the verse "Study to show thyself approved unto God, a workman who needeth not to be ashamed". The roll call was by the Secretary Mrs. Mary Ann Miller and the Treasurer's report was given by Miss Mildred Holderman.

Mrs. Charles Miller, whose birthday is in April, received a birthday gift and also the mystery package. Mrs. John Davis reported on the work of the Sunshine Committee and what they have done for members who have been ill. A report was also made on the Traveling Basket, which is being circulated among the members, and sales stamps were collected.

At the close of the business meeting Miss Cowdick sang a solo accompanied by Mrs. A. D. Ellis. Miss Margaret Thomas read several short poems from "Canary in the Kitchen" by Dorothy Albaugh, and Mrs. Ellis played a piano solo, "Kitten on the Keys".

The committee composed of Mrs. Golden Minser, Mrs. Lyman Dresbach, Mrs. William Kreisel, and Mrs. Myrtle Rott served a salad course to those present.

Mrs. Clarence Duvall gave a stork shower on Wednesday evening for Mrs. Franklin Carper (Carol Duvall) at the home of Mrs. Emory Carper.

Games were played during the evening, and a lunch was served by the hostess.

Many lovely gifts were received from the following guests: Mrs. Harry Butterbaugh, Miss Rita Butterbaugh, Mrs. Ralph Pritchard, Mrs. Richard Emiler, Mrs. Howard Carper, Mrs. Emory Carper, Mrs. Ray Carper, Mrs. Ralph Strausbaugh, Mrs. Roxie Emerick, Mrs. Eunice Reisinger, Mrs. Richard Kramer, Mrs. Don Brawall, Mrs. Judy Duvall, Mrs. Pat Duvall, Mrs. Mary Cradlebaugh, and Mrs. Jim Duvall.

Gifts were also received from others who were unable to be present.

NEEDLESS DEATHS

About 46 per cent of all breast cancer patients are now being saved. The American Cancer Society says 81 per cent of the patients could be saved if the disease was diagnosed and treated early.

Cancer can no longer be called a "woman's disease." The American Cancer Society says that 53 out of every 100 cancer deaths occur among men.

Fund Started To Honor Boy

Leukemia Research Campaign under Way

COLUMBUS, Ohio (AP) — A little boy's death may give other children a chance to live.

Mike Rollins never knew he had leukemia but he often prayed that no one else would get whatever it was he had.

Mike was the eight-year-old author whose big dream was to see his stories in print.

His dream came true just a few days before he died last December when his story was printed.

Now maybe Mike's prayers will also come true.

A campaign has begun to establish a Michael Rollins Memorial Laboratory at Children's Hospital, for basic research into the cause of leukemia and possible cures.

The 5,000 persons throughout the country who wrote Mike when his story, "Merry Christmas," was printed, will be sent brochures explaining the project. They will be asked if they would like to contribute to it.

Planners of the project hope that other persons whose hearts were touched by Mike's story, will also want to contribute.

The money will be used to equip a research laboratory in a soon-to-be constructed research building at children's hospital.

The project evolved from the desire of Mike's parents, Mr. and Mrs. James Rollins of Marion, and Dr. William Newton at Children's Hospital, to do something about leukemia.

Dr. Newton pointed out that next to nothing is known about the fatal disease.

Mr. and Mrs. Rollins say the project "is an answer to our prayers that something would come of Mike's illness."

White Boys Pepper Negroes with Shotgun

RICHMOND, Va. (AP) — Six Negro teen-agers walking home from a store were wounded Sunday night when hit by shotgun pellets reportedly fired by white boys from two speeding automobiles.

Police said the Negro boys told them three separate blasts were fired from the cars as they whipped through the Negro neighborhood.

Struck in the stomach and seriously wounded were Samuel Clark Jr., 15, and Carlton Washington, 16. Both were hospitalized.

British Cave Explorer Saved after Accident

CASTLETON, England (AP) — Rescuers spent 12 hours Sunday hauling John Keens, 21, though narrow, twisting passages from a rock shelf 420 feet underground.

Keens had entered the cave with a party of explorers. A rope broke and he tumbled 15 feet onto a shelf on the brink of a chasm, breaking an ankle. By the time he was brought out, he was also suffering from exhaustion.

World Should Lend an Ear

3,000 Christian Students To Explore Current Issues

ATHENS, Ohio (AP) — They'll come from Nigeria and Nepal . . . from Seoul and Tokyo and Hong Kong . . . from Paris and Milan . . . from Prague and Hamburg.

Their destination: Athens—Ohio. They'll come in the 18th quadrennial pilgrimage of Christian students and they'll bring the inquiring minds of the young. The answers they'll seek may hold the key to some of the vital problems of the world.

During a seven-day Ecumenical Student Conference on the Christian World Mission beginning next Dec. 27, more than 3,000 college-age men and women will assemble at Ohio University to explore the tense issues of the times and exchange ideas and concepts.

The conference mission was summed up here by Miss Margaret Flory, program chairman and secretary for student work, United Presbyterian Church.

Heading an advance planning committee, she said: "The church can no longer think in conventional terms. We must listen to what the people of the world are saying and attempt to understand the crucial world situations which are calling for a response."

Douglas Cook, general secretary of the Student Volunteer Movement, said, "The world is undergoing rapid technological change and it is opening up new and complex issues. This conference will bring together persons involved in these issues."

Racial tensions and non-militant Christian faiths are the foremost problems, according to Cook.

The conference will hear prominent integration leader Martin Luther King, Negro minister, on racial tensions, while Bishop Leslie Newbigin of the United Church of South India will speak on non-militant Christian faiths and on Communism and Buddhism.

What influence can such a youth conference have on a global basis?

In answer, Miss Flory cited the 1955 session, also held at Athens.

At that time, she said, the students adopted a five-year program to continue meetings between the quadrennial conferences.

"The first such meeting was held at Rangoon, Burma, in a part of the world that has more non-Christian faiths than anywhere else," she related. "Because of this five-year program, more students from Christian countries of Asia will be represented at Athens this year than at any session in the movement's 67-year history."

Significant too in 1955, Miss Flory said, was a "spontaneous uniting" of Japanese and Korean students who pledged to work toward an end of the intense friction existing between the two countries for generations.

How is the conference message carried to other countries?

Miss Flory pointed to the enthusiasm of the students and to an overflow attendance in 1955. "When they return to their homelands, they carry what they have learned with them," she said. "Believe me, it is a force that cannot be overlooked."

The conference will probe several "frontiers" challenging Christianity. These include:

Technological upheaval — Will the mammoth scientific breakthrough now underway be used either to affirm or deny man's humanity?

Responsibility for statesmanship — In a world where communities stand in precarious antagonism, can a Christian witness be made through constructive statesmanship?

Communism — How can we understand Communism in God's total purpose and deal constructively with those it affects?

Students in universities — The world's universities are a crucial battleground for the loyalties of this generation. How can we call students to share the word of God?

Displaced, uprooted, rejected peoples—they are a direct challenge to the church. How can the church meet this need?

New nationalisms — Will the Christian witness matter to people within these explosive situations? Modern Secularism — The secularism of our time is seen in life around values which reject the reality of God. What is God's answer to a materialistic culture?

As these questions are discussed in the Student Volunteer Movement, the world will do well to lend an ear, according to Miss Flory.

"These students will be heard," she promised. "They will make the world listen."

Florida Holds Man For Slaying in Ohio

SARASOTA, Fla. (AP)—Charles B. Stahl, 22, charged with second degree murder in the fatal beating of Harvey L. Harpster at the 76-year-old's Lakeville, Ohio, cabin, started back to Ohio Sunday.

Police said Stahl admitted he argued with the Spanish-American War veteran about a radio he was fixing for Harpster. "I hit him with the butt of a gun at least three or four times," Stahl was quoted as saying. "I did not intend to kill him."

Harpster's body was found April 13. Stahl, who disappeared, was captured here April 17.

In the last decade the cancer cure rates have gone up 32 per cent. That means 38,000 additional lives saved yearly. But the American Cancer Society says 75,000 more could be saved by earlier diagnosis and treatment.

'Hidden Tax' Will Hurt Us All

Everyone in Ohio should let members of the General Assembly and Governor DiSalle know how he feels about the move to make the sales tax a vast new "hidden" tax because if the effort is successful everyone will feel the impact, hard.

When the sales tax was enacted a quarter of a century ago, it was designed to be a retail tax—one that people would know about when they paid it.

Now comes a strangely blossoming idea to remove the "direct use" exemption in the sales tax law and make it apply to everything that goes into a building, or manufacturing, or farming.

It has been estimated that this application would flood the coffers of the State Treasury with \$120 million in new revenue a year.

If the yield is that—or anything like that—you can easily comprehend what it will mean to the already heavily taxed public.

Instead of paying 3 per cent taxes on things bought at retail, the public will be paying that amount upon considerably more expensive articles. Builders, manufacturers and farmers will not be able to absorb a new tax on everything from bricks to fertilizer.

They will have to pass the extra expense along to the next fellow, and finally the consumer will pay it—and then the 3 per cent retail sales tax upon the marked-up price tag.

This might be a hidden tax, but the effect of such a tax cannot be hidden.

It would be a state-imposed dose of in-

flation, with no one even seeming to benefit except the state itself. And the state should not be in the business of making economic matters worse for its citizens, even granting the need for some sources of additional income.

Another effect of this proposed gimmicking of the sales tax would be to place a handicap on Ohio enterprise in competition with other states.

We have written on many occasions about the value of the present favorable economic climate for business in Ohio. It means more income for Ohio and Ohioans. It means more jobs, greater industrial growth and stability. Should that advantage be jeopardized in a search for a little quick revenue? We think the question answers itself—in the negative emphatically.

Opposition has developed to certain other tax increases proposed at Columbus, with those affected becoming appropriately vocal.

We would like to reemphasize that this change in the sales tax act would hurt everyone. And in our estimation, everyone should object—now, while there is still time.

Russia Ties Our Hands

By George Sokolsky

A mother, Mrs. Virginia F. Hicks, and a wife, Mrs. Loretta K. Ferguson, write to me about A-2C James E. Ferguson, Jr. He is one of the 11 airmen missing in Soviet Russia. He is one of the American airmen who was shot down by the Russians over Armenian territory on September 2, 1938. About them we know nothing. Our government knows nothing. They are "now missing" and "presumed to be dead."

Why do not the White House and the Pentagon send a form letter to such mothers and wives saying, "We do not know how to answer your inquiries. We do not know what to do. We are dealing with monsters who do not even respect the dead. It is just too bad that it is your son (or husband) who had to give his life for his country in this fashion."

Instead, these relatives of the missing men get diplomatic procedure. They write to their Congressman. He writes to the White House, sending a carbon copy to the constituent. The White House forwards the letter to the proper slot in the Pentagon. Somebody in the Pentagon writes a polite, formal letter which is assumed to jerk tears from the aforesaid mother or wife. The Congressman sends the original of this letter to the mother or wife to show his interest in his constituents. The letter is meant to be treasured. The Congressman says he can do no more short of getting the President to declare war on Soviet Russia.

Mrs. Hicks asks: "...The kin are left to wonder why the President is willing to go to war for the Berlin Germans, the Lebanese, and practically everyone else, but will not lift a hand for his own American soldiers."

It is not so easy, Mrs. Hicks. In the good old days it was possible to make war on Spain because the Spaniards cut off the ear of an Englishman called Jenkins.

And Gen. Smedley Butler of

the Marine Corps went through a country because a Marine was missing. But those days are over as since Soviet Russia became a Power, treaties are of no avail and international law is meaningless. The Russians do not recognize whatever is irrational and that is irrational which they regard as such.

It is all very simple. When fairly decent people get to quarrelling, they generally fight according to some preconceived rules of decency, but the Russians do not care to fight that way because it seems so stupid.

In a word, if fight you must, then fight to a finish. Stomp on the enemy's face and gouge out his eyes. Give him the punishment of the thousand cuts. Keep him alive but tear his tongue out. Anything you can think of and are pleased to do. That being the case, precisely what can we do about it when our airmen fall into their hands?

Mrs. Hicks uses the phrase, "This cynical abandonment of loyal Americans." Short of war, there seems to be little else that

can be done. Our State Department can, of course, send some notes to Russia, but the reply will be that they know nothing about it but heard that an American plane has had some trouble somewhere.

The President can talk to the first Russian that comes his way, as Eisenhower did to Mikoyan, and Mikoyan probably said that he would take the matter up with the proper authorities which means nobody at all. How many Americans are still held in Red China?

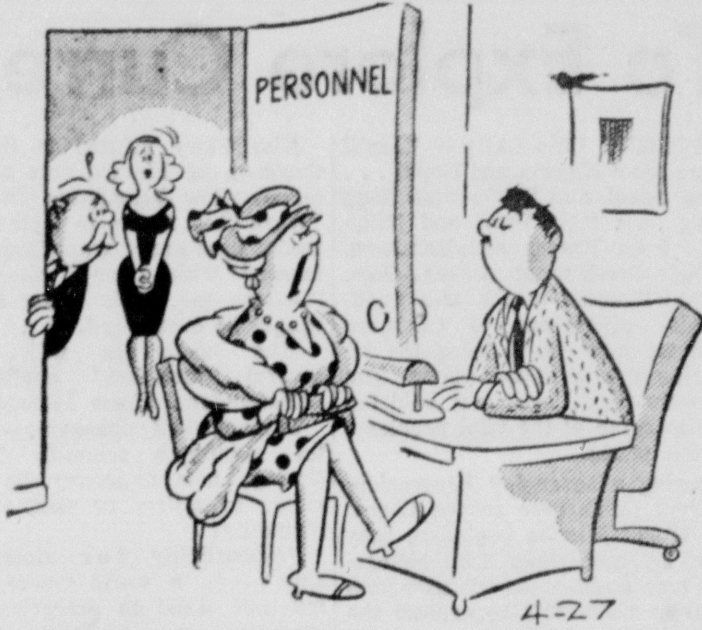

So we appeal to the International Red Cross to find out about the 11 missing American airmen. And the Red Cross sends a man from Geneva in Switzerland to Moscow and everybody is sorry that such an incident happened. The Red Cross is sorry too, but what can they do?

Mrs. Hicks and Mrs. Ferguson may feel that I too am cynical. But like most Americans, I cannot afford to be. My sons may have to do their stint under similar tough circumstances.

What I am describing is this: If both parties to a quarrel are gentlemen, they will look after each other's wounded, missing and dead; will let the families know through proper channels what the situation is, perhaps through the International Red Cross.

However, we are dealing with Tartars, with the descendants of the Golden Horde, the offspring of Genghis Khan. What courtesy is to be expected of them? Only such as serves Russia's purpose.

Try and Stop Me

By BENNETT CERF

FROM WARSAW comes the story of the day a shipment of 100,000 pairs of leather shoes arrived from Moscow. Ingenious Poles cheered because they considered the shoes a gift from Russia, but the more knowing ones suspected there was a catch somewhere—and how right they were.

On the heels of the shipment came a wire from the Kremlin: "Repair these shoes and return them to Moscow at once!"

William Steif met a tourist and his wife emerging from a Japanese tea house. "I'm glad you got a look at this place," said Steif. "Did you act really Japan-easy and sit on the floor?"

"Not this time," admitted the tourist, with a trace of disappointment in his voice. "We didn't have an advance reservation—so we had to sit at a table."

Don't Powder Puff Kids

By Herman N. Bundesen, M.D.

"Our young people must be physically, as well as mentally and spiritually, prepared for American citizenship."

President Eisenhower made this statement back in June, 1956, in a message to the initial Conference of Fitness of American Youth, which he called at Annapolis.

At that time, he also recognized the need for "arousing in the American people a new awareness" of this subject so that our youth "may achieve a proper balance of physical, mental, emotional and spiritual strength."

Well, are we aware of the problem? Apparently not!

At the second annual meeting of the President's Council on Youth Fitness, Shane MacCarthy, executive director of the Council, said that as a person moves up the ladder of material progress, he begins a process of waging war on work.

"He has a tendency," said Mr. MacCarthy, "to extol a thing as 'good' if it reduces the demands on him to work, to struggle, to strain, to energize, and to be vigorous."

But many adults aren't content with this. They insist that their children live this way also.

As MacCarthy so aptly put it: "What we are doing today is saddling on youth a middle-aged method of living in which they have few chances of self-determination, self-decision, and spontaneous methods of expending, in regular, wholesome, and safe manner, their young human energies."

Let's face the facts! Far too many parents make their children sedentary early in life by directing that they ride instead of walking. They drive the youngsters to school. They drive them to the movies. They drive them everywhere.

It's getting so children look on their parents as adult delinquents if the parents don't always act as their chauffeurs.

MacCarthy terms this "parental powder-puffing," and I think it is a well-chosen phrase. He calls the practice "the gift of automobility," and says it is presented to the children "so that they may enter the

The World Today

By WILLIAM L. RYAN

Associated Press News Analyst
If the West holds steadfast and united at the Geneva Foreign Ministers Conference, troublesome days may lie ahead for Soviet Premier Nikita Khrushchev.

His two latest notes to the United States, coming fairly close together, hint that the fussy Khrushchev stirred up over Berlin and Germany could prove a boomerang for him.

There is a distinct possibility that last November, when Khrushchev suddenly announced his plan to end the occupation status of Berlin, the move was planned primarily as a diversion to cloak Red activities elsewhere. The announcement brought an immediate sense of crisis. A few weeks later, Khrushchev moderated his tone, saying no steps would be taken in Berlin for six months. The magic date would be May 27.

This changed the sense of crisis to a feeling of hope or wishful peaceful atmosphere. Khrushchev played heavily upon this hope. He pressed for a Summit meeting.

As the weeks rolled by, signs of division in Western ranks over the approach to the summit may have led Soviet Communists to believe that something significant might be won from the meeting.

This belief even may have developed into confidence that the pace of the world Communist movement might be stepped up. There were enticing opportunities, particularly in the Middle East.

For Khrushchev, however, the summit has to be a gamble. If he fails to win any significant concession, he may also have to apply brakes to aggressive Communist actions which do not and cannot have direct Soviet military support.

In the long run, unless Germany can be neutralized, Communist expansion will be inhibited. It can

move only indirectly, and even then there is danger. The Kremlin cannot give all the support it would like to expansion efforts in such areas as the Middle East, where homegrown Reds are exhibiting growing impatience.

Facing the United States at Geneva in two weeks will be these basic considerations:

Over-all American policy is keyed to world peace. With this fundamental goal in mind, stability is promoted wherever possible. Soviet policy aims at steady expansion of Communist domination. To make this possible, Communists promote instability wherever they can. Communists clearly believe they can dominate large world areas after a steady roll-back of Western influence, at relatively small cost and without risking total war.

Significant concessions to Khrushchev's threats now would be a victory for him and perhaps a prelude to more threats and more demands.

Khrushchev himself has been having some setbacks. His Middle East experiments have aroused a widespread Arab anti-Communist campaign. He has had trouble with Tito of Yugoslavia, trouble with the satellites, trouble with China, trouble with deviations in the world Communist movement.

WASHINGTON (AP) — A simulated aerial missile war is being staged by the aircraft industry with a stack of punched cards, says Planes, official publication of the Aircraft Industries Assn.

The magazine says the object of the program is to provide much of the flight data necessary for engineering study.

The punched cards, representing all the operations in the air defense missile's ground guidance equipment as well as the performance characteristics of the missile and target aircraft, are fed into electronic data processing machines, and duplicates the flight of a missile to within 200 feet of an actual flight path.

Shrewd Swiss Bankers Like Europe Stock

U.S. Private Cash
Also Flowing into
Foreign Investments

By SAM DAWSON
AP Business News Analyst
GENEVA, Switzerland (AP) — In the fabulous world of high finance, Swiss bankers today have an almost legendary aura akin to that of the Rothschilds in the Napoleonic Era and the Medicis in the postrenaissance centuries. Their activities in the U.S. stock markets are watched as closely as the Swiss bank secrecy law permits.

But today, Swiss bankers say, they are turning their attention from New York to the buying of European corporate shares. And Americans here also see a flow of U.S. private investment money into Europe, a flow they think will pick up speed. Part of this is because prices of top U.S. stocks have soared so high. But the Swiss fear further inflation caused by the U.S. Treasury deficit and the continuing rise in wage scales (even during the recession). In this case, Swiss bankers say they'll buy U.S. stocks again as a hedge against the possible further weakening of the purchasing power of the dollar.

But as of now they think European stocks the better buy. They hold that a short time back these shares were underpriced and a bargain.

Two years ago they began buying West German stocks, liking the great industrial strides there and the marked financial stability.

A few months ago they began buying French and Italian shares. Both nations have been putting their finances in order. Both have been making notable industrial progress. And the De Gaulle regime has inspired confidence in French government stability.

Along with the Swiss banks, Swiss investment companies (like our mutual funds) are getting a play here of late. They set up funds to buy shares in particular countries.

How did the Swiss get all this foreign money to invest?

The Swiss have been international bankers for a long time. But it was in the 20s they got their big push. In the politically and financially turbulent days after World War I, investors regarded Switzerland as one of the few safe places for money.

The worldwide recession of the 30s and the trends toward fascism or socialism strengthened this feeling. Traditional Swiss neutrality made the land a haven for fugitive money during World War II.

The great inflationary surge after the war that undermined many currencies, and the shaky governments of some countries, sent still more money into Switzerland, where the currency was strong and stable. Switzerland became a world center for the exchange of currencies, and still is.

Another reason for banking and investment here is the law that gives depositors anonymity. For many Europeans this is a convenient and tempting cloak to hide them from their own tax collectors, either for income or inheritance levies. Tax evasion is a science in some nearby countries.

The Swiss say they see no reason for giving up a good thing and don't intend to change their banking laws or investment ways despite American frowns.

Busy Manhattan Sees Runaway Horse, Buggy

NEW YORK (AP)—People along Sixth Avenue Sunday night stopped and gaped at a rare sight — a runaway horse and a hansom cab.

The cab, which usually carries couples on leisurely trips through Central Park, was drawn by a 14-year-old gray horse named George.

George was waiting for passengers at a park entrance when he was startled by a car backfire and went clattering down the avenue, leaving his driver behind.

The empty cab was smashed as George bolted between two parked cars. George was caught some distance away, shaken but unhurt.

Art Leaguers Win at Show In Chillicothe

Several members of the Circleville Art League had paintings entered in the Chillicothe Art Show that was held April 24, 25, and 26. H. E. Montelius was awarded the grand prize for his oil painting, "Boat Yard".

Other prizes were for oil paintings, Oren Webb, Chillicothe, Circleville Art League member, 1st; H. E. Montelius, Route 1, 2nd; Ralph DeBord, Chillicothe, 3rd.

In the water color division, Gordon French, Chillicothe, won 1st; Ruth E. Montelius, 2nd; and Ruth Barrett, Chillicothe, 3rd. Pastels: Virginia Kuhns, Chillicothe, 1st; June Rice, Chillicothe, 2nd.

In the modern (abstract) class, Virginia Kuhns won 1st place, Gordon French, 2nd, and Ruth E. Montelius, 3rd.

Negotiations Resuming in Pottery Fuss

EAST LIVERPOOL, Ohio (AP)—Negotiations resume today in an attempt to end a 14-day strike by 5,500 pottery workers in three states.

George Woomer, federal mediator from Pittsburgh, will meet with representatives of the International Brotherhood of Operative Potters and the U. S. Pottery Assn. The association bargains for 11 earthen dinnerware companies in Ohio, Pennsylvania and West Virginia.

Bargaining is on the basis of a wage reopening clause in a two-year contract expiring Oct. 1. Union demands amount to an estimated 40 cents an hour. The average hourly wage currently is \$2.11 for male workers and \$1.59 for women.

An agreement reached Saturday in Cleveland by five chinaware firms is expected to set the pattern for negotiations here. The potters accepted a package and 8 1/2 cents an hour. Six cents was put into wages. The remainder provides an additional two and a half paid holidays which raises the total to five. The day before Christmas was changed from a half to a full holiday.

The agreement, reached without a strike, was with the Buffalo, (N. Y.) China Co.; Mayer China Co. of Beaver Falls, Pa.; Sterling China Co. of Wellsville, Ohio; and Walker China Co. of Bedford, Ohio.

Here's One Driver Who Takes Poke at Cop

SALT LAKE CITY (AP)—Most drivers feel attempts to get the best of traffic policemen are lost causes.

But Salt Lake Officer Billy A. Ford claims Vernie A. Olson, 45, did his best.

Ford said he was investigating a minor traffic accident when a motorist declared: "I think I'll hit you."

And, said Ford, the motorist did. Ford went to the hospital to get a cut eyebrow patched up.

Then he went to headquarters and charged Olson with assault and battery of a police officer, drunk driving, collision with an unattended vehicle and using foul and abusive language.

New States, Alaska, Hawaii Theme for St. Paul Meet

At the meeting of the WSWs of St. Paul EUB Church last Wednesday Mrs. Nelson Stevens sang "Give of Your Best to The Master" for the opening number. Mrs. Emmett Hinton gave a reading entitled "Alaska, Our 49th State".

Mrs. Cliff Hedges and Mrs. J. Boyd Stout showed slides and gave a talk on their recent trip to Hawaii; they wore the native dress of the Islands.

At the business meeting it was decided to make a donation to the Cancer Society, to purchase new blinds for the parsonage and to send a youth to Camp Otterbein this summer. A rummage sale is scheduled for May 16 at the Circleville Armory.

Guests at the meeting were Mrs. Tom Bennett, Mrs. J. Boyd Stout, Mrs. Val Valentine, Miss Betty McCoy, Mrs. Sterley Croman, Mrs. Forest Croman, Mrs. W. E. Defenbaugh, Mrs. Carl Agin, Mrs. Calvin Agin, Mrs. Paul I. Wachs, Mrs. Joe Jenkins, Mrs. Joe Smith, Mrs. Walter Hunt, Mrs. Albert Spangler, Mrs. Rancie Poling, Mrs. Berman Wertman, Mrs. Chior Hiatt and Mrs. Clyde Breckenridge.

Refreshments were served in the Hawaiian manner from a table decorated in keeping with the Hawaii theme.

Hostesses for the next meeting will be Mrs. Loring Leist and daughters Weta Mae and Betty.

Women Attend Episcopal Meet

Six representatives of St. Philip's Churchwomen are attending the annual meeting of the Episcopal Women of the Diocese of Southern Ohio today at Christ Episcopal Church, Dayton.

Heading the group is the president of St. Philip's Churchwomen, Mrs. Arthur K. Johnson, with Mrs. Melvin Thompson, Mrs. Dale Laman, and Mrs. Henry Miga as official delegates.

Others attending the meeting today are Mrs. John Dunlap and Mrs. William G. Huber.

Among speakers they will hear at the convention are the Rt. Rev. Henry W. Hobson, Bishop of Southern Ohio; The Rt. Rev. Anson B. Stokes, Bishop of Massachusetts; and Mrs. Theodore Wedel who is prominent in ecumenical church activities.

Warning Is Sounded On Increase in Polio

NEW YORK (AP)—Polio epidemic "storm warnings" are becoming serious, the National foundation reports.

The foundation said Sunday the number of paralytic polio cases in the United States increased 83 per cent for the first quarter of this year, compared to last year.

Basil O'Connor, foundation president, said a half million dollars will be set aside for a vaccination program.

Adkins in 3-Hitter

Tiger Nine Takes FH in 2-0 Contest

Single runs in the second and third innings and three-hit pitching by Joe Adkins gave Circleville's baseball Tigers a 2-0 win over Franklin Heights here Saturday.

The Tigers blazed away for six hits in recording their sixth win in eight starts. Three of the victories and one of the defeats have been in South Central Ohio League competition.

Adkins, working his fast ball and various curves with perfection, made his best showing of the season as he allowed Franklin Heights three singles, one of them a drag bunt. The Tiger ace cut down 13 batters on third strikes and gave only two walks.

Circleville, playing errorless ball, collected six hits, including a run producing double by Jim Woods. Don Rowland's two for three was the best for the day in the hitting department.

THE TIGERS got their first run in the second inning when Jake Bailey slashed a single into center field and then pliffed second. Woods then chased him home with a solid double to center.

Cal Ellis opened the third frame with a sharp single to left and was sacrificed to second by Bill Purcell.

Jackson Twp. Athletes Honored

The annual Jackson High Athletic Banquet was held recently in the school cafeteria. It was attended by approximately 90 students and adults.

William Wolfe, principal, gave the invocation and Benediction. The dinner was prepared by a committee of the Jackson Parent Teachers Society.

Guests of the evening included all the boys who took part in basketball and baseball and their cheerleaders. Honor guests were Mr. and Mrs. George D. McDowell, Robert Seward, Judson Lamm, and faculty members.

Carl Burger, executive head of the Logan Elm School District, was the guest speaker for the evening. His talk emphasized the playing of athletics for the value of the sport itself and the sportsmanship that can be gained from playing.

CHEERLEADER awards were presented by Mrs. Gordon Anderson and Miss Jeanette Noland, co-advisors. Receiving letters were Sue Ann Radcliff, captain, Carol Sue Maughmer, senior, Betty Eitel, substitute, Kathleen McCloud, junior, Winnie Clifton, sophomore and Sandy Smith, freshman. Carol Sue Maughmer also received a senior award in the form of a gold megaphone.

Junior High cheerleaders also received letters. Paul Hoskins, head coach, presented junior high reserve and varsity letters. Fourteen junior high players received small block awards. Receiving reserve awards were: E. Marshall, R. Martindale, B. List, J. List, J. Webb, J. Walters.

Receiving varsity awards were: Charles Galloway, Jerry Brigner, Milton Martindale, Gary Thompson, Larry Eitel, Robert Eitel and Ray Whaley.

A special presentation of senior awards in the form of silver basketballs and baseballs was made to Galloway and Brigner.

The highlight of the evening was the presentation of the sportsmanship trophy awarded annually to the outstanding Jackson player or players. Presentation was made by Clark McFarland, who spoke on the history of the award. Dual recipients were Galloway and Brigner.

cell. Ellis went to third when the FH pitcher threw wild on a pick-off attempt, then was permitted a free trip home when the center-fielder overthrew third base on the relay in.

Franklin Heights started a threat in the third inning when Gaines led off with a drag bunt down the first base line. Adkins choked the rally by whiffing the next three batters.

Gaines led off with a walk in the fifth, but was chopped down on a quick double play. The twin kill came when Bailey pounced on Fausnaugh's grounder, threw to second to Rowland who in turn relayed to Purcell at first.

The fielding gem of the day was chalked in the second inning by Bailey who made a falling catch of Norris' grounder, then scrambled to his feet in time to make the throw for an out.

Weather permitting, the Tigers are scheduled for three games this week. Tuesday they travel to Hillsboro, entertain Hillsdale here in a Central District Class AA game Thursday, then go to Wilmington Friday.

Springfield Wins Class AA Event

DELAWARE, Ohio (AP)—One victory string was extended and another ended here Saturday in the 29th running of the Ohio Wesleyan team relays.

Springfield, state Class AA defending track champions, picked up its fourth straight big school relay crown, but Xenia Woodrow Wilson, Class A state champion, had its six-year reign ended as Chagrin Falls took the small school title.

Springfield scored in 10 of 12 events to amass 41 points, eight more than runner-up Cleveland East Tech.

Xenia Woodrow Wilson wound up fourth behind West Alexandria and Cincinnati DePorres—second and third respectively.

Patterson-London Sellout Is Sought

INDIANAPOLIS (AP)—Promoter Al Farb was cautiously hoping for a sellout today for the Floyd Patterson - Brian London heavyweight championship fight Friday.

Farb's hopes skyrocketed Sunday when 3,500 fans turned out to see the two fighters in a double-header workout at the Fairgrounds Coliseum, where the bout will be staged.

Baltimore Basks After 4 Victories Over Yank Crew

By THE ASSOCIATED PRESS

The Baltimore Orioles, their chests expanded by four straight triumphs over the New York Yankees, are only a game out of first place today and Manager Paul Richards can give thanks to his prized pinch hitters.

Four of Richards' emergency batters came through Sunday to help the Orioles sweep a doubleheader from the Yankees 5-4 and 3-2. The two defeats dropped Casey Stengel's world champs into the second division for the first time in four years.

In 14 games this year Baltimore pinch hitters have contributed 15 hits in 35 official times at bat. That's a .429 batting average. It's not surprising then that the Orioles have won nine and lost only five.

The Chicago White Sox stunned Cleveland twice, 6-5 and 5-2, trimming the Indians' first place margin to only one game. Veterans Early Wynn and Billy Pierce were the winning pitchers as the White Sox remained in a second place tie with the Orioles.

Kansas City moved past New York into fourth place with a 4-3 triumph over Detroit's Tigers, who dropped their sixth in a row and their 12th in 13 games. Washington made it two in a row over Boston, winning 2-1 on homers by Roy Sivers and Jim Lemon.

Ninth inning rallies were responsible for both Baltimore victories over New York. Trailing 4-3, the Orioles scored twice in the ninth of the opener. Gene Woodling singled and Chico Carrasquel walked. Pinch hitter Jim Finigan's single scored Woodling with the tying run. Brooks Robinson's single scored Finigan with the winning run.

Whitey Ford, who had taken over in the ninth to protect a one-run lead for the Yankees, was the victim of the assault. Baltimore scored its three other runs in the seventh as singles by pinch hitters Whitey Lockman and Al Pilarcik set up the scores. The two teams set a major league record by using ten pinch hitters.

Hoist Wilhelm permitted the Yankees only five hits in the nightcap, outpitching Duke Maas. Robinson's leadoff double in the ninth, followed by an infield out and Billy Klaus' sacrifice fly, gave the veteran knuckleball artist his second triumph without a defeat. Catcher Gus Triandos was charged with four passed balls, equalling a league mark, trying to handle Wilhelm's butterfly pitch.

Now all bench-warming Duke Snider has to do is give Los Angeles a "play me or trade me" ultimatum and the Dodgers may make first place in the National League their permanent home.

The Dodgers took over the top rung Sunday by defeating the St. Louis Cardinals in a football score, 17-11, while Cincinnati was

edging the Milwaukee Braves in a pitchers' duel—14 of 'em—11-10. Charlie Neal had a perfect 5-for-5 and Gil Hodges drove in five runs but another pair of Dodgers—Carl Furillo and Don Zimmer—knocked in six between them.

You may remember that Zimmer, thinking he was being side-tracked for the regular shortstop berth at the start of the season, asked the Dodgers to play him or trade him. His three-run homer Sunday featured a five-run third inning that routed starter Vinegar Bend Mizell.

Only last week, Furillo, irked at being benched, made a similar demand. Returned to action Sunday, he whacked four hits and drove in three runs to assure rookie Gene Snyder of his first major league triumph.

The veteran Snider, who has been the bell-cow in past Dodger pennant drives, has been sitting on the bench with Don Demeter taking over his center field position.

The San Francisco Giants climbed into a virtual tie with Milwaukee for second place, a half game behind the Dodgers, by defeating the Chicago Cubs, 3-2. Pittsburgh and Philadelphia split a doubleheader, the Pirates winning the opener 9-2 and the Phils taking the second 10-5.

Mike Souchak Pockets Cash

Victory in Las Vegas Worth about \$22,000

LAS VEGAS, Nev. (AP)—Hefty Mike Souchak was probably the happiest guy in golf today, and he had about \$22,000 to justify his delight.

Leading the delegation on to the Colonial Invitational at Fort Worth, Tex., the 30-year-old pride of Durham, N. C., by way of Grossinger, N. Y., was the new king of the annual Tournament of Champions. The victory brought him a \$10,000 purse—the biggest of his career—and he had about 12 grand more coming besides.

Not the least bit distressed, and richer by \$5,000 himself, was sportsman Art Wall Jr., who made a gallant charge at the pace-setting Souchak and missed by only two strokes.

A horrendous experience on the 14th green at the Desert Inn Country Club Sunday cost slender Arthur any chance of winning. He took four putts to get the ball into the cup.

"I four-putted once before, at El Paso—I don't remember the year," Wall recalled.

Wall was one stroke back of Souchak when it happened. He took a double bogey six and that was too much to overcome.

Mike had 77 for a 72-hole total of 281, Wall a 74 for 283. Gene Littler of San Diego, Calif., finished with 71 for 285 and \$3,000 prize money.

Last year's winner, Stan Leonard, tied for fourth with Julius Boros and Doug Sanders at 289. Souchak stood to win about \$12,000 in addition to the prize money. A group headed by Chauncey Needham of San Francisco bought Souchak for \$14,500 in the \$380,000 Calcutta Auction. The group won \$122,300. Ordinarily, the winning players get 10 per cent of the victory sum.

Gonzales Trips

Hoad in Tourney

CLEVELAND (AP)—Dick (Big Pancho) Gonzales of Los Angeles defeated Lew Hoad, former Davis Cup star from Australia, 6-4, 6-2, 6-4 Sunday to win his seventh straight professional tennis tournament here.

Hoad, who leads Gonzales 12-5 on their cross country tour, said he beat himself because he was too upset. He said he was tense because the match was delayed almost an hour by a pre-match show.

Gonzales, who will be 31 next month, beat Don Budge in the 1953 tournament and has defended his title successfully ever since.

Hoad and Gonzales will resume their tour tonight at Charleston, W. Va.

U.S. Business Looks Better Than Optimists Predicated

NEW YORK (AP) — Business in the U. S. looked better last week than the optimists had predicted a few months ago.

Construction activity and industrial production set a sizzling pace (steel output was scheduled at a record 2,683,000 tons, up 111.3 per cent from last year). After a brief squall of profit-taking, the stock market took to the upside again. Sharp gains were scored for department store sales, truck transport, rail freight and production of coal and oil.

Possibly of even greater significance, the spring auto sales surge was back in full bloom for the first time in years.

The theme song at annual stockholder meetings this week was keyed to prosperity and profits. Reporting sharply higher first quarter earnings (including some record highs) were three top steel makers (Republic, National and Inland), two of the nation's largest chemical firms (DuPont and Union Carbide), one of the world's biggest oil companies (Texaco Inc.) and two large department store chains (Macy's and Gimbel's).

Detroit's rebound from recession

showed up in Ford's report for the first quarter (earnings at a record high) and Chrysler's announcement that its first quarter net (to be reported April 30) would top any quarter of 1958. American Motors reported a new high of more than 33½ million dollars in profits for the six months ended March 31 and declared a quarterly dividend of 60 cents a share. Also well in the black was Studebaker-Packard.

New car sales in the second 10 days of April were up 10 per cent over the first 10 days.

Money continued tight this week. With profits coming in at a record clip, many companies were no longer under pressure to borrow, but a strong upsurge in home building put a squeeze on long-term mortgage funds.

All signs pointed toward a further tightening of mortgage rates. Building costs headed higher, too. F. W. Dodge Corp. commented: "The pre-war \$7,500 house, which costs \$19,200 today, will probably carry a price tag about \$768 higher by April 1960."

Living costs held steady last month — but only because grocery prices went down while every-

thing else went up (used car prices climbed 1.6 per cent). The government yardstick of what it costs you to live, the Consumer Price Index, stood at 123.7 per cent of the 1947-49 average, meaning you'd need \$123.70 to buy what \$100 would have bought 10 or 11 years ago.

The index has been sticking close to 123.7 for the past nine months. Twice it inched up to a record high of 123.9 but slipped back each time. Chances are it will start climbing again soon, because food prices normally go up at this time of year.

Briefly over the business scene: The auto industry turned out the year's two millionth car on Tuesday — 42 days sooner than in 1958. . . Average take-home pay of U. S. factory workers touched a new high last month — \$79.68 a week for a man with three dependents. . . Montgomery Ward & Co. has budgeted half a billion dollars for expansion over the next five years. . . American Smelting & Refining Co. will make sharp cutbacks in lead and zinc production in its foreign mines this summer. . . Sold for \$145,000 — a seat on the New York Stock Exchange. That's the highest price paid for an exchange membership in 23 years. . . In West eight years, say oil men, Louisiana will outrank Texas as the nation's biggest oil producer. . . A former Olympic fencing champ, Jose R. de Capriles, was named vice president of the Lehigh Valley Railroad.

Employees OK New Contract At Goodyear

AKRON, Ohio (AP) — A majority of Goodyear Tire & Rubber Co. workers voted over the weekend to ratify their newly negotiated two-year master contract and five-year pension and insurance agreement.

The action is expected to speed settlement of strikes by the United Rubber Workers against the other members of the industry's Big Four. The walkouts, affecting 58,000 production workers in 31 cities in 16 states, began April 10 at U. S. Rubber and April 16 at Goodrich and Firestone.

Negotiation sessions were scheduled for today in New York City for U. S. Rubber Co.; in Cleveland for Firestone and in Canton, Ohio, for Goodrich. Wages are not at issue in the talks, but come up for bargaining this summer.

The 11,500-member URW Local 2 here ratified the goodyear contract by a virtually unanimous voice vote at a meeting Sunday, union spokesmen said. Saturday the 1,700 Los Angeles local members voted approval. And a vote to accept has been reported at the New Bedford, Mass., and St. Marys, Ohio, plants.

Numerically, the ratification vote is a sizable majority of Goodyear's 23,000 union employees, but an approval vote from two of the seven unreported locals still is required. Also, locals must negotiate working agreements at individual plants to supplement the master contract.

Church Disturbance Is Bigger At Work

MIAMI, Okla. (AP) — The Rev. J. C. Harris was preaching at the First Methodist Church Sunday when a loud noise and vibration was heard behind the choir loft.

Rev. Harris continued unruffled. The congregation, including Ottawa County Sheriff Ben Standley, soon forgot it.

After the sermon Deacon Clyde Barkett said he had caught a burglar rifling purses of choir members. He tussled with the man, falling down two flights of stairs. The burglar escaped with about \$350.

LIVING LONGER

The defeat of many diseases has increased life expectancy 22 years since the turn of the century. Cancer, too, will be brought under control by science, according to the American Cancer Society, which in the past 13 years has spent more than \$67,000,000 seeking the answers.

More than 40,000,000 Americans now living will develop cancer if present rates continue. The American Cancer Society says a regular health checkup offers the best protection against the disease today.

Lawmen Join In Arrest

Circleville Police and the Pickaway County Sheriff's Department joined forces Saturday to apprehend a motorist accused of leaving the scene of an accident.

Taken into custody was James Rader, 26, Route 3, Mt. Sterling, accused of striking a parked car at Main and Scioto Sts. at 11:15 p. m. Saturday. Officers said he left the scene.

Police Sgt. Robert Temple, learning that Rader lived in the Mt. Sterling area, drove out Route 56 in hopes of spotting the man's car. A radio message from Temple to a sheriff's cruiser working in the Derby area brought good results.

Rader's car was stopped by Harold Binkley, an auxiliary deputy. Sgt. Temple arrived at the scene a few moments later.

Rader was brought back to Circleville where Temple filed charges of operating a vehicle under the influence of intoxicants and leaving the scene of an accident.

Horses can sleep either standing up or lying down.

LOOK, PILOT, NO WINGS!—The first full scale model of the "Aerodyne" wingless vertical takeoff and landing plane is shown with its designer, Dr. Alexander Lippisch, at the Collins Radio company's aeronautics research laboratory in Cedar Rapids, Ia. The Aerodyne is a joint Army-Navy development. The Aerodyne channels air from its two contra-rotating propellers internally through its fat fuselage and deflects it downward and out through controllable vents in the belly. The vents control takeoff, transition to horizontal flight, and landing. Directional control is by conventional rudder and elevators. The cockpit will be aft under a canopy in the vertical stabilizer. (U. S. Army photo)
